## EXHIBITION PROPOSAL (500 WORDS OR LESS)

### **A Note From our Visual Arts Manager Lisa Byrne:**

*"Our aim is to support emerging artists by providing space to engage and share unique and ambitious bodies of work. As we are a not-for-profit organisation we do not charge for the use of our gallery, and it is for this reason it is important that your practice rhymes with our own programme missions - providing access to the arts for all, offering representation for diverse and marginalised artists, and support for artists in making their first steps in their visual arts careers. We offer support and guidance in funding applications and practice development. It is important that when making this application, you are wholeheartedly engaged with your practice, there is room for growth and development, and that your goals are ones we can help you achieve."*
